RE: File #2000-00234

Dear Mr. & Mrs. Sparrow:

The Department of Environmental Services ("DES") has reviewed the information provided in your letter of October 20, 2004, responding to the Letter of Deficiency issued to you on October 14, 2004. Further review of the file has found that it does contain a copy of the amendment issued January 14, 2002, therefore, the only item necessary to complete the file was a copy of the amended permit recorded with the Registry of Deeds Office, which you have provided. At this time all of the deficiencies described in the Letter of Deficiency have been addressed and the enforcement file regarding the Property shall be closed. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work. Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,

D. Forst
